

# Affordable School Security

**ONE TOUCH PANIC PENDANT**  
PROTECTS TEACHERS AND  
STUDENTS IN ANY LOCATION ON  
CAMPUS IN A 1/2 MILE RADIUS

**The Tattletale Panic Alarm goes beyond the classroom and allows you to protect an entire campus with single system.**

The base unit resides in the main office and the pendants work over 1/2 mile radius. Working similarly to a silent bank alarm. The solution connects teachers with police in the event of an emergency. **Plug it in, protect it all:** The tattletale is completely portable and the patented cell burst technology means that you are protected and monitored right out of the box.

**Wireless and Portable:** Sensors can be placed up to a half mile away from the base unit providing perimeter protection that communicate through buildings.

**Exclusive key fob:** With our tattletale key fob, you will be able to arm, disarm, and even set off a panic alarm. No matter where you are with tattletale, you're never too far from protection.
