## Mimio Goes Mobile: Setup and Support

This one-hour, live, online training session provides participants with the knowledge they need to implement the MimioPad wireless pen tablet and MimioMobile application effectively in their classroom with mobile devices.

Participants will discover how easy it is to set up the devices and begin incorporating student collaboration, control, and MimioVote assessment features daily. Participants will also consider ways to begin using these devices to enhance their own teaching.

Participants will:

- MimioPad™ hardware review
- Connecting the MimioPad wireless pen tablet
- Setting up the MimioMobile™ application
- Control and Collaboration with the MimioMobile application
- Using MimioVote™ assessment with the MimioMobile application
- Using the MimioMobile application in the classroom

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
